Best Year Ever?

The 36th Annual Oktoberfest just may have been the "best year ever", or do I say that every year? The weather was ideal for a fall day, sunny and not too warm or too cold. There was an exceptionally sizable friendly crowd of visitors, a pleasing variety of vendors, and lots of fun foods.

Hours prior to the start, I may not have thought it possible that this could be the "best year ever". It takes many devoted Preservation members and friends of Maeystown, much energy and an abundance of optimism to manage this large of an event. With almost 70 art, craft, antique and food vendors, plus their support people to man their booths, all the local villagers, then add several thousand visitors to town, it's inevitable not all can be delighted. This year was no exception. Problems always arise. A vendor not thrilled with our uneven grounds in Maeystown, or one vendor who shows up with no contract or space at all, another wanting to be next to the creek, and even visitors unhappy with where they had to park and grumbling about having to walk up that hill are just a tiny sample of problems that can exhaust you.

Then hours later, you get to walk the event. First you hear a little girl giddy because she got a Halloween hair bow that's larger than her head. A woman passes showing the handmade glass wine bottle stopper she bought for her sister. Then there's the gentleman enjoying his large German beer pretzel. Among the pumpkins a young boy is trying to find the strangest one. Of course, no one could ignore the four foot tall pink twig pig that brought smiles to everyone passing. But what you hear and see most often are the vast number of visitors in awe of the beauty

of the rock bridge, the creek and even the entire village. You realize how fortunate we are to have this treasure to share. So, I guess I will continue to believe this was the "best year ever".

Another HUGE thanks to all of our tireless workers for helping clean up the Mill, set up the tables and tents, and then do it in reverse on Sunday

Maeystown Rock Bridge in Need of Major Repair

Because of our stone arched bridge, outbuildings, stone walls, flagstone gutters, structures built into the landscape, and common nationality, Maeystown, in its entirety, was listed on the National Register of Historic Places in 1978 - one of only a few villages in the State of Illinois to be so honored.

At this time, the 135 year old bridge has passed Monroe County inspection, but much damage was noted. Due to its age and construction, costly repairs require skilled stonemasons and labor intensive work. Costs are estimated at upwards of \$30,000. Our village simply is unable to find that kind of money anywhere in the budget. They are attempting to locate a grant, but at this time none of significant monetary value has been found. With the size of Maeystown being "one block big", we are aware the expense cannot be covered by just the village citizens. Losing the bridge would be devastating.

The purpose of the Maeystown Preservation Society is to "preserve the culture and history of Maeystown". A "restricted fund account" has been set up to save the bridge. Because we are a 501(c)(3) organization, all donations are tax deductible. If you prefer not to donate on this site, checks can be written to "Maeystown Preservation Society, Save the Bridge" and sent to Christy Muertz, 3265 Bushy Prairie Road, Fufts, Illinois 62244.

On behalf of Maeystown, we are reaching out to all friends, visitors, photographers, businesses, and historians. We sincerely appreciate any help you can give us to save the bridge. In our case it's going to take more than just "a village".
